## Objective

---

Highly motivated and organized individual eager to seize a career-launching opportunity. Ready to bring fresh perspectives, adaptability, and polished time management skills to a dynamic team.

## Skills

---

- **Programming Languages:** C, Java, Python, JavaScript
- **Front-End Skills:** HTML, CSS, React.js
- **Version Control Systems:** Git, GitHub
- **Backend Technologies:** Express.js, Node.js
- **Databases:** MySQL, MongoDB

## Education

---

### Bachelor of Technology in Computer Science with Minor: Robotics and Automation- July 2025

St. Joseph's College of Engineering and Technology, Palai

- CGPA: 9.27/10

### Plus Two in Science – August 2021

St. Philomena's Higher Secondary School, Upputhara

- Score: 98%

## Projects

---

### Food-del

Built a full-stack food delivery web application using React, Node.js, Express, and MongoDB. The web application features a user-friendly interface for browsing menus and placing orders, an admin panel for restaurant management, secure payment processing via Stripe, and real-time order tracking.

### ADcolumn

Created a responsive web application for booking newspaper ad slots using HTML, CSS, JavaScript, and Node.js. The web application allows users to select dates and ad spaces with real-time availability updates, and integrates Stripe for secure payments. The design ensures a seamless experience across all devices.

### CV-parser

Developed a Node.js web application to parse and extract key details from resume PDFs. Utilized Express.js, EJS, pdf-parse, compromise, and express-fileupload. The web application extracts and displays personal details such as name, email, qualifications, and more, showcasing skills in server-side JavaScript, file handling, and text processing.

## **Certifications**

---

- The Complete 2024 Web Development Bootcamp - Udemy
- Fundamentals of Artificial Intelligence – NPTEL
- Wheeled Mobile Robots - NPTEL
- C Programming Training - Spoken Tutorial Project by IIT Bombay

## **Internship**

---

- 15 days internship on Backend Development held at Reverttech IT Solutions from 16th May 2023 to 30th May 2023

## **Volunteering**

---

- Volunteer in CYBER SAFE workshop held as a part of Asthra 8.0 - A National Level Annual Technical Fest at St. Joseph's College of Engineering & Technology, Palai on 4 & 5 March, 2024
